LONDON, MARCH 3.

A CORDING is advices received yellerday from Haverfordwelf, from a person who has been sen down there to report the state of the French prisoner lately landed in Wales, we learn, that they are motioner lately landed in Wales, we learn, that they are most proportional control of the late of the French prisoner lately landed in Wales, we learn, that they are most find the very deplorable eljects, without there are not find the very deplorable eljects, without they can be the first are to follow. On a first examination, there has been found soon stand of arms concealed in the rocks, which they and other vagabushs whom they could get to join them. One trithnam and one Welchman, bearing French Commissions, have been found among French Commissions, have been found among fre minher of these men, and they will be brought to trial. A report did prevail of men the received in the state of the state o

ail their fellows with an hot iron, and tell them that if they ever return they hall not meet with any mercy.

Mr. Bafasquet, a Director, obferved, in confequence of the alarm which had taken place, and the drain of fixecit that followed the alarm, the Court of Directors thought proper to acquaint the Miniller with the circumflance, who was unqueltionably better informed on the fubject of public affairs, and of the probability of future profiperts. They had merely laid before Ministers the fituation of the Bank, and that proceeding produced the Order of Council to which reserve the state of the state of the state of the theory of the state of the
