PATHUTARY'S IPOUT. By CERPICES.

FROM THE FRENCH AND DUTCH PAPERS.

MADDE, APAIL 39.

YESTERDAY M. Schimmelpenninck, with his confort and children, strived here, and immediately took up his relidence in the Palace cilled the Old Court. At 'half pal one, his facellency was conducted into the prefence of the Directory of State, hefore whom he took the opinity of State, he fore whom he took the opinity of State had down their pofts.—This was notified to the public as follows:—

"The Penfionary of the Bazivan Republic, Rurger has Schimmelpenninch, hereby notifies, in that quality hat ha has this day provisionally taken the oach preferibed by the Conditution to the Preident of the Directory of State, and that, in purfusance thereof, after the disclusion of the Directory of State, when the state of the Condition of the Directory of State, and than, in purfusance thereof, after the disclusion of the Directory of State, and han, has, by faid Penficial Moreover, and and appointed General Secretary of State, and the present of the Condition of the Directory of State, and the present of the Condition of the Directory of State, and the present of the Condition of the Directory of State, and the present of the Condition of the Directory of State, and the present of the Condition of the Directory of State, and the present of the Condition of the Directory of State, and the present of the Condition of the Directory of State, and the present of the Condition of the Directory of State, and the present of the Condition of the Directory of State, and the present of the Condition of the Directory of State, and the present of the Directory of State, and the Directory of

laited feveral hours.

Jerome Buonaparte arrived at Lifbon on the against and intended to fet off for Paris on the 6th or 7th of May.

The army alfembling in the celebrated Plain of Marengo will consist of 30,000 men, which are to be reviewed by his Majetly the Emperor.

The army affembling in the celebrated Plain of Marengo will consist of 5,000 men, which are to be reviewed by his Majesty the Emperor.

LONDON, May 10.

No intelligence which can be depended upon respecting the real course or destination of the combined spudron of the enemy was received when our express lest London.

On this day, the Petition of the Roman Catholics of Ireland to Parliament is to be taken into consideration in the House of Lords.

His Majesty held a Privy Council yesterday at the Queen's House, a which several orders received the Royal Signature; and the name of Lord Melville was, in the usual form, eracled from the list of his Majesty's Privy Council. Yesterday a considerable degree of anxiety-was produced in the City by a report, very condidently mentioned, of the failing of the Bress of the control of the Bress of the several produced in the City by a report, very condidently mentioned, of the failing of the Bress of the several produced in the City by a report, very condidently mentioned, of the failing of the Bress of the several produced in the City by a report, very condidently mentioned, of the failing of the Bress of the several produced in the City by a report, very conditional division of the Bress of the several produced in the City by a report, very conditional to the several produced in the City of the Bress of the several produced in the Bress of the several produced in the Council on the list into the third that the Condition of the list of hands were obtained in a few hours.

The order for laying a general embargo upon a fings in the United Kingdom of Great Britain and Ireland was figned in the Council on the 1st int. The reason for is fluing it is stated to be "the great want of Seamen necessary to the complements of his Majesty's ships sitting for fea, notwithstanding the bounties offered to Yolunteers, and the diligence shown by his Majesty's fluings sitting for fea, notwithstanding the bounties offered to Yolunteers, and the diligence shown by his Majesty's ships sitting for

force the Rochefort figuadron, and to render it more equal to Admiral Cochrane's, of whose arrival in the West Indies Government has received advice.

The Diana packet from Liston brings information that the French and Spanish seet failed from Cadiz on the 12th of April, consisting of eighten fail of the line and twelve trigates, having on board 10,000 French and 3,000 Spanish roops, two regiments of diffmounted cavalry, and 300 artillery; and are supposed to be good to the West Indies. Advices, however, have been received by Government, of a more agree ble nature, respecting Lord Melion's fleet, than from preceding accounts were to be expected. The seed of the seed of

The charge for Volunteer Corps for the laft Sear was, in England 1,100,000 —in Ireland 50,0001.
