resumested cost oresing factors and the Road Board. The Finance Committee reported that they had considered the reply from the Road Board to this Council's application for a grant towards the cost of naving 1914-15 and 1915-16 stimated at \$18.304, and estaing that the Board are not, at the present time, making new grants in London; adding that they were waiting to hear the result of a Conference which they understood had been convened by the London County understood had been convened by the London County Council and they were waiting to hear the result of a Conference which they understood had been convened by the London County Council and they were waiting to hear the result of a Conference so the Conference of the Conference of the Conference of the Conference were as follows:

The resolutions passed at the Wandsworth Conference were as follows:

That this Conference of Metropolitan City and Borough Councils is of opinion that the improvement or reconstruct Metropolita surgently and Borough Councils is of opinion that the improvement or reconstruct Metropolitas is urgently and the conference were as follows:

That this Conference of Metropolitan City and Borough Councils is of opinion that the improvement or reconstruct Metropolitas is urgently not be conferenced at the Wandsworth Conference were as follows:

That this Conference of Metropolita City and Borough Councils to endown traffic, and considers it inequitable that the expense thus involved should fall wholly upon the relepayers in the areas affected.

That Deputation be appointed to urge upon the practice of making grants from the Road Improvement Fund direct to the Metropolitan City and Borough Councils, to enable them to carry out the road improvement works required.

e letter from Dr 34 Frognal-lane

The concert organized for the benefit Mortlake Mann, and given at the Har Conservatoire on Thursday evening,

then followed a selection of songs, recite etc.. all of which received hearty app To Mr. Wilfred Easer was accorded heartiest reception, and his splendid votion was encored several times. His fine and artistic rendering of attractive songs great pleasure, and his was one of the successes of the evening. Another belt to Mr. Lawrence Felks* tion was exception, and his splendid vocalisation was accord several times. His fine voice of a tractive songs gave great pleasure, and his was one of the great successes of the evening. Another belonged to Mr. Lawrence Folker, and he too was entirely to the same of the great successes. The same of the great to the same of the great successes of the evening. Another belonged to Mr. Charles Head to the best advantage. Mr. Charles Cruitshanks was delighted in the great successes of the great successes of the great successes. The same of the great successes of the great Gertrude Tuylor and Mr. Chailes Fry wery amusing and of course well done Mr. H. B. Denham displayed his extraorr magical skill with some wonderful card and other mysteries. Two bouts of ferminded one of Mr. Mortlake Mann's skimilar occasions. Miss Rita Bennell and Ruby Must don's A. CDvyer and Mr. C. Cobble had a brill'ant encounter with sabres. Another amusing item was a F mime Act by Mr. D. L. Murray and M Lindsay, and Mr. Sydney Folker's dar recitation The Arstocrat revealed his electromary powers agal historion.

support the resolutions above set out, and that the Road Board be informed accordingly.—
Adopted.

Public Analyst and Food Adulteration.

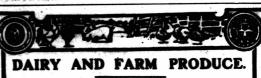

The Public Health Committee reported that they had had before them the reported that they had had before them the reported that they had had before them the reported by the standard of the public Analyst and Food and Drugs Acts and the Rag Flock Act, 1911—it appearing that out of a total of 138 samples of food analysed a proved to be adulterated, viz. 6 of milt. 1 of pork pie, and 1 of sausage, the later two samples containing a small proportion of boric scid as preservative: 1 ample of rag-flock was analysed and proved to be a good and wholesome sample.

Why are electrical methods beating all others? Because electricity is the only agent for light, heat and power that causes no products of combustion with their poisonous fumes, discomfort, dirt, and unavoidable injury to the public

(Electricity at ad. per unit (Telephone System Rate of Charge) for heating and cooking is probably cheaper than your present arrangements. Send a post card for particulars.)
