SEPTIC FINGER imperils life!

"I caught my finger on some rusty barbed wire, and being run down at the time, I took no notice. I had a terrible finger and eventually lost my life through it. Later, another member of my family had a septic finger and Germolene. I found relief after the first application. Both fingers are now healthy and sound. I have recovered my health, and cannot praise Germolene enough." Mrs. T. F. Hide, Kings Railway Approach, Friern Barnet, N.11.
